

## **Lookout Landing Phase III Homeowners Association Temporary Application for Exemption to Park Additional Vehicle(s) in Driveway**

Amendment number 1 to the CC&R's states one vehicle may be parked in the driveway if that vehicle is used for personal transportation on a regular and recurring basis. A request for a temporary exemption to allow an additional vehicle to be parked in your driveway can be made to your Board of Directors by completing this form and returning it to PMSI at info@pmsialaska.com.

Exemptions will only be considered if existing garage space is fully utilized meaning at least two vehicles are parked in the garage. Both vehicles must be used for personal transportation on a regular and recurring basis and there must be more than three licensed drivers in your household. Granted exemptions are temporary and only good for the calendar year in which they were approved. If you are still eligible for an exemption in the next calendar year you must reapply.
