

Over \$41. of your dues pay for water/ sewer usage in our 2023/2024 budget!

Keeping our dues low takes constant work. Some expenses we can't control, but some we can. One expense we can control is our water usage.

Individually, you can control your water usage by repairing:

- 1) Hot water tank leaks,
- 2) Failed pressure relief valves,
- 3) Dripping faucet, and
- 4) Constantly running or phantom flushing toilets.

These are the most common sources of high water usage.

So ... every little bit you can do will help to **reduce your dues!**
