RE: Covenant Compliance – Landscape Maintenance

Dear Homeowner:

During spring/summer 2025, your lawn was noted to have not been in adequate compliance with the Brookshire landscape guidelines. An attractive lawn distinguishes our community and proclaims pride in ownership. Beautifully maintained lawns provide a welcoming ambience for residents and their guests, attract buyers, and increase property values. As a homeowner, you are responsible for maintaining your lot, including areas within the rights-of-way (road edges), drainage easements, and any other easement areas connected to your property.

Because your lawn was either out-of-compliance and/or below adequate compliance with the Brookshire landscape guidelines, you are required to submit a lawn care plan outlining the steps you plan to take to ensure your lawn meets Brookshire's landscape standards. In the plan, you may also include drawings and pictures describing the steps you plan to implement in bringing your lawn into adequate compliance. In the event a lawn care plan is not submitted by April 30, 2026 – there is the risk of being fined, in the event the lawn infraction is the reason the lawn care plan was required.

Detailed information pertaining to concerns regarding your lawn can be found in the November 2025 Brookshire Inspection report at pmsialaska.com/associations/brookshire

This notice requires action from you. Enclosed is a copy of the Landscape Standards. **After reviewing the standards, please submit a landscape plan no later than April 30, 2026 by emailing it to info@pmsialaska.com**

The HOA appreciates your time and efforts in helping maintain Brookshire as an attractive community.

Sincerely,

Brookshire Condominium Association

Brookshire Condominium Association (CJ)
